

SUNDAB

A mobile reclinable shower- and bathtub for people who has difficulties to use an ordinary bathtub.

Step in :

- As a shower, the SUNDAB provides low threshold front access. Its contoured shape and grab handle provide additional safety and comfort.

Shower :

- Sit down on the integrated seat and shower.
- Easy to reach the mixer and the shower handle.

Bath with safety:

- Fill with water which covers all your body.
- You remain seated while you are in the bath without the risk of 'slippage'.
